T•A•P Pest Control Insulation Registered in California

7/1/2009

HOMER, Ga. - T•A•P Pest Control Insulation is now registered in California and is available for distribution and purchase through **Pest Control Insulation Systems (PCIS)**. With the California registration T•A•P is now available for sale in all lower 48 states. T•A•P is an energy star labeled pesticide/insulation that allows homeowners to take full advantage of the 2009/2010 30% tax credit (maximum \$1,500/home). T•A•P's active ingredient is boric acid and can be blown on top of all existing insulation products currently installed in a homeowner's attic. The T•A•P program offers PMPs the opportunity to add a highly profitable on and off season revenue to their service line. To learn more contact PCIS at 866-BUG-PCIS (284-7247) or visit www.TAPinsulation.com.
